TERRA

Glossy and hand-buffed, a vintage effect with deep highlights. 4 earthy shades that evolve with use.

Terra leather is glossy and hand-buffed: the surface finish, enriched by natural shading, produces deep highlights and a lived-in look that grows stronger with use. A soft, full-bodied handle and 4 warm, earthy shades: suited to furniture and details that call for visual presence in elegant, classic rooms. It works in restoration, where you need a leather that sits well with a piece that has already lived, instead of looking brand new on it. The deep highlights grow with use and the earthy shades go well with dark woods. The shades can be compared side by side in browse by colour, which gathers every shade in the catalogue. A stock product: it is available immediately and ships within 24/48 hours in Italy. Before committing to a quantity, it is worth requesting samples from the sample moodboard.
