VOGUE

Water-repellent velvet with a full-bodied handle and a glossy, writing effect. 35 shades ready to ship.

Vogue fabric combines the look of velvet — a full handle, a luminous, shifting surface, a writing effect — with a surface water-repellent treatment that resists liquid absorption and makes maintenance simpler. The textile of choice for sofas, restaurant seating and hotels: visual presence and everyday practicality in the widest colour range in the catalogue. It is the velvet you can put in a restaurant: the surface water-repellent treatment gives you time to deal with a spilt liquid before it soaks into the fibre.
