AMY

Micro-bouclé with controlled movement: fine texture, lively touch, informal elegance.

Amy fabric brings the surface alive with a micro bouclé effect and controlled visual movement: a fine texture, full of character, pleasant to the touch and never overbearing. Perfect where you need elegance with a warm, informal touch: sofas, headboards, seating and accent pieces in contemporary rooms. The micro-bouclé adds texture without stealing the scene: it works on reception sofas as well as on headboards, where a more pronounced texture would feel heavy.
